

To Whom it may concern

Regulation (EC) Nr. 1907/2006 (REACH) - Article 33

On 1 June 2007 Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals ("REACH" for short) came into force. The aim is that all substances produced and used in the EC have no negative impact on human health and the environment. The candidate list of substances of very high concern is published on <http://echa.europa.eu> in the latest revision.

The company of HPTec GmbH is manufacturing the following products:

- Tools for milling and drilling made of solid carbide
- Tools for milling and drilling made of steel and solid carbide

Our products are not intended to release any substance under normal or reasonably foreseeable conditions of use.

According to the duty of information for substances of very high concern in products we hereby confirm:

We observe the request of the REACH Regulation.

Our tools and their packaging do not contain any of the substances listed on the candidate list (updated 04/2023).
